PROFESSIONAL SUMMARY

Accounting Manager with 8+ years of progressive experience across real estate & commercial leasing, food & beverage, import/export, construction (Saudi Arabia) and tax advisory. Track record of building accounting functions from the ground up — designing the chart of accounts, procedures, internal controls and reporting cycles — and leading teams of up to 7 accountants. Hands-on owner of the full cycle from transaction to financial statements, with strong command of cash-flow planning, receivables and collections, budgeting, cost control and management reporting. Experienced in IFRS, Egyptian tax and e-invoicing, and Saudi Zakat & VAT. Builds formula-driven financial models (feasibility, cash flow, IRR/NPV) that turn numbers into decisions for senior management.

SELECTED ACHIEVEMENTS

-70% accounting errors after redesigning controls and automating reconciliations	+40% liquidity improvement through cash-flow forecasting models	-50% processing time via Foodics POS – Odoo ERP integration	-35% overdue customer balances through structured follow-up
